

Korea's Industry Innovation Movement

- Well-being and inclusive growth as business objectives
-

Dr. Suh, YoungKyung

1 Industry Innovation Movement (IIM)

- Industry Innovation Movement extends shared growth from large enterprises and primary suppliers to secondary and tertiary suppliers by helping production innovation of SMEs
 - Has supported innovation activities of 10,061 SMEs with 229.3 billion KRW since 2013

2 Examples of Innovation Activities

- Performance enhancement of participating companies by setting KPIs and supporting production equipment after site inspection
- Implementation of various projects such as environmental safety for companies that manage chemical and hazardous materials

Before	After	Impact Area
		<p><u>Process Improvement & Safety Management</u></p> <ul style="list-style-type: none"> -Problem: Worker extracting product from inside the cutting process -Improvement: Installed custom extraction conveyor -Impact: Removed worker safety risk factor and stop loss
		<p><u>Environmental Safety Improvement</u></p> <ul style="list-style-type: none"> -Problem: Hand washing turn table with scrub (5~10 minutes) -Improvement: Installed air brush -Impact: Improved cleaning efficiency (within 3 minutes)

3 5th Year Performance Evaluation
